Student, Sir Chhotu Ram Institute of Engineering & Technology, CCSU, Meerut

About Me

A motivated B. Tech Final year student with intermediate level coding knowledge of HTML and CSS. Possess basic knowledge of Cyber Security and Kali Linux OS. Currently learning Cyber Forensics to be at the forefront of the industry. Aiming to leverage the technical expertise to develop secure and robust solutions.

Skills

- Project Management
- Good analytical skills
- Ability to work under pressure Positive attitude
- Leadership
- Strong motivational and leadership qualities
- Ability to work individually as well as in a team

Technical Skills

- Web Development (Front end)
- Ethical hacking (Reconnaissance and Footprinting, Scanning and Enumeration, Exploitation, Social Engineering, Cryptography)
- Power BI
- Advance Excel
- SQL
- Core java(basic)
- Content writing
- WordPress
- Web Data Scrapping
- Professional Poster Maker
- Video Creator

Projects / Achievements

YouTube Clone (PROJECT)

Developed a completely useful YouTube Clone making use of HTML, CSS, and JavaScript. Implemented a responsive person interface, permitting seamless viewing across exceptional devices and display screen sizes.

Designed and based the frontend the usage of HTML to create the main layout and factors of the application.

Utilized CSS to style and decorate the visible appeal of the YouTube Clone, ensuring a present day and consumer-friendly interface.

C|EH Course Complete From IIIT ALLAHABAD

Completed the virtual Ethical Hacking Certification Course from IIIT Allahabad, gaining sensible talents in vulnerability identification, penetration testing, and network protection assessment.

Proficient in conducting steady coding assessments, studying software vulnerabilities, and recommending powerful remediation strategies.

Demonstrated expertise in password cracking, internet utility safety, and wi-fi community safety, contributing to sturdy protection mechanisms towards threats.

Ethical Hacking & Cybercrime Investigation (EHCCI)

The program provided me with a comprehensive understanding of cybercrime investigation techniques and the latest ethical hacking practices.

I am confident that the skills I acquired during this workshop, combined with my passion for technology, will make me a valuable asset to any team looking to safeguard their organization against cyber threats.

Education

Bachelor of Technology (2020-24)

- Currently pursuing a Bachelor of Technology in Information Technology from Chaudhary Charan Singh University (SCRIET) Campus, Meerut.
- Gained familiarity with cyber security processes as a novice, including implementing protective measures and recognizing vulnerabilities.
- Achieved Certification in Ethical Hacking from IIIT Allahabad and The Tech Unique.

Intermediate (2019-20)

Intermediate with PCM (Physics, Chemistry, Mathematics) from Carmel Public Sr. Sec. School. Completed rigorous coursework in the core science subjects, developing strong analytical and problem-solving skills. Demonstrated a commitment to academic excellence and an ability to thrive in a challenging learning environment.

High School (2017-18)

High school education from Carmel Public Sr. Sec. School, providing a solid academic foundation and fostering personal growth. Developed strong analytical and problem-solving skills, coupled with effective communication and teamwork abilities.

Rewards
HACKATHON-2022

I earned First Prize at the Intra University Hackathon 2022 for a data analysis task, utilizing Python libraries pip and pandas.

My advanced skills in data analysis and coding enabled me to deliver a successful project and garner recognition.

Java Programming Certification from MSME Technology Center

Utilized MSME Ramnagar to proficiently learn Core Java and successfully achieved an 'A+' Grade.

National Level Research Paper Writing Competition

- Awarded top prize in the Subhash-Swaraj-Sarkar National Level Research Paper Writing Competition for paper on the topic of unsung warriors of independence.
- Leveraged comprehensive research and exceptional written communication skills to craft a paper demonstrating a deep understanding of the topic.
